**Finally, birders were invited to note any special accomplishments this past year:**

**Brian Pendleton & Darchelle Worley**

Completed life list over 100 in every county on 15 July.

**Heather Ballash**

First time for hitting 300 species in WA in one year

**Liam Hutcheson**

400 state (life list)

State big year record: 378

Grays Harbor big year record - 250

Good Clallam year - 220; Good Adams year - 180

**Timothy Brennan**

Nothing yet. . . :) Still on the hunt to get a 150 year for every county in the state. knocked off 4 of them this year, but I'm happy holding on until it's finished to pop any confetti. lol. My big year average (including things like...54 species in Adams one year lol...) is up to 117!

**Marcus Roening**

In the 'spirit' of listing, I finally topped Bruce LaBar for the Pierce County Year list. Alas, my Pierce County Life list 'tie' with Bruce was ephemeral and I shall have to find some additional rarity :-). And how do you do an E WA & W WA tally in eBird??

**Don Rose**

First time I have submitted to this report

**Mason Maron**

At least one species for every county in Washington (with the final county being Mason County, since I am Mason :))

**Joel Brady-Power**

This was a big year for me. I set a new record for the Skagit County big year with 262 and I also joined the 300 club for Skagit. All of this after suffering a severe injury while snowboarding that left me in a wheelchair for 3 months and on crutches for at least another 2 months. Birds were my salve and salvation this year. I am a commercial fisherman so I am typically gone for a chunk of the spring and all summer, which makes doing a big year pretty hard. So the silver lining to my injury was getting to do a Skagit big year and setting a new record meant a lot to me. I was just hoping to finally see a Stilt Sandpiper in Skagit, since I am never home during the window of time they come through, I never could have dreamed that I would see many them and so much more! It truly was a year to remember.

Thanks, everyone!
